

*Project Award - Contract C916 for Design and Construction of Beauty World station and tunnels for Downtown Line Stage 2, Singapore*

The Company is pleased to advise that McConnell Dowell South East Asia Pte Ltd has been awarded the Downtown Line 2 Contract 916 by the Singapore Land Transport Authority (LTA), valued at approximately S\$340 million.

The C916 Contract scope of work comprises:

- design and construction of two MRT tunnels 1,100 m bored tunnels with an internal diameter of 5.8 m, two cross passages, and 135 m of cut and cover tunnels.
- design and construction of the new Beauty World Mass Rapid Transit (MRT) underground station including station entrances, subway links, architectural finishes and external landscaping.

The station, located at Upper Bukit Timah Road near Jurong Kechil will also double as a Civil Defence shelter.

This project forms part of the overall Downtown Line Stage 2 (DTL2) scheme to link commuters from the Bukit Timah corridor to the North East Line, North South Line and Circle Line, connecting the north western part of Singapore to the Marina Bay area.

This award signifies McConnell Dowell's first major MRT contract with the Land Transport Authority of Singapore.

Detailed design commences immediately with construction works scheduled for completion in July 2015.
